Mission Support Alliance Provision

4.0 INDEPENDENT CONTRACTOR

Contractor is an independent contractor for all purposes **and shall assert no claim predicated on co-employment or wage/hour theory**. In no event shall Contractor, its agents, representatives, or personnel that it supplies to Buyer under this Contract be deemed to be employees of the Buyer. Contractor's employees shall be paid exclusively by Contractor for all services performed and Contractor shall be responsible for and shall comply with all requirements and obligations relating to such employees under local, state or federal law (or foreign law as applicable) including, but not limited to, minimum wage, social security, unemployment insurance, state and federal income tax, and workmen's compensation. Buyer has no responsibility for withholding any portion of salary or wages due employees of Contractor or to comply with any of the aforementioned taxes or obligations.

5.0 CONTRACTOR'S PERSONNEL

Contractor warrants that all services supplied by Contractor in performance of this Contract shall be supplied by personnel who are careful, skilled, experienced and competent in their respective trades or professions. At any time and for any reason, Buyer may require Contractor to withdraw the services of any person and, in addition, request that Contractor promptly provide replacements for such persons satisfactory to Buyer. In addition to the other indemnification provisions within this Contract, Contractor specifically agrees to indemnify and hold harmless Buyer, from and against any liabilities, claims, charges, or suits for alleged losses, costs, damages or expenses arising from Buyer's exercise of its rights under this Article.

6.0 INDEMNITY

Contractor agrees to assume the risk of and to release, defend, indemnify and hold harmless the Buyer, Government, affiliated companies and their directors, officers, employees, agents and representatives, from and against all loss, damage, liability, cost and expense (including attorney's fees) arising out of any (1) failure to comply with any law, ordinance, regulation, rule or order, (2) injury (including death) to any person or (3) damage to any property in any way connected with the performance of this Contract in accordance with the State of Washington Comparative Fault Statute (RCW 4.22). Contractor agrees to indemnify, hold harmless and defend Buyer and the Government from and against all laborers', materialman's, mechanics', or other liens arising from the performance of Contractor's obligations under this Contract and shall keep the premises of Buyer and the Government free from all such claims, liens, and encumbrances.

To the extent that the Contractor, Contractor's workers or subcontractors are covered by the Washington Industrial Insurance Act (RCW Title 51 including any amending, substitute or replacement statutes) or any other industrial insurance, worker's compensation or similar act (Acts), Contractor specifically waives any and all immunity provided by these Acts.

Mission Support Alliance Provision

7.0 NUCLEAR SAFETY AND INDEMNITY

The provisions of 48 CFR 952.250-70, Nuclear Hazards Indemnity Agreement, are incorporated by reference into these terms and conditions for the delivery of any product or service that has nuclear safety implications. Contractor shall flow down these provisions to all subcontractors and suppliers unless expressly waived in writing by Buyer.

Contractor will be indemnified by the U.S. Department of Energy (DOE) against (1) claims for public liability, and (2) legal costs arising from any nuclear incident under the provisions of 48 CFR 952.250-70. However, Contractor and its subcontractors and suppliers that are indemnified are subject to civil penalties under provisions of the Atomic Energy Act of 1954, as amended, for violations of DOE nuclear safety related rules, regulations, and orders. In addition, directors, officers, and employees of Contractor and its subcontractors and suppliers that are indemnified are subject to criminal penalties for knowing and willful violations.

8.0 ASSIGNMENT

Neither this Contract nor any portion hereof shall be assigned or delegated without Buyer's prior written consent. This shall include assignments of Contractor's accounts receivable. Buyer reserves the right to assign this Contract to DOE or its designee, and in case of such assignment and by notice to the Contractor, Buyer shall have no further Contract responsibility.

9.0 CHANGES

No substitutions shall be made in this Contract without the prior written consent of the Buyer. The Contractor shall promptly comply with any change directed by the Buyer. If any change affects the price of or the time required for performance, Contractor shall identify the impact as soon as practical and request an equitable adjustment within 10 days of the change notice. The equitable adjustment to the price and/or delivery requirements and other affected provisions of the Contract shall be made by a mutual agreement and modification to this Contract in a timely manner.

10.0 STOP WORK AND SUSPENSION

The Buyer may suspend the Contractor's right to perform any part of or all of this Contract for an indefinite period. Such stoppage may be due to the following:

- A. Imminent Health and Safety Hazard is a given condition or situation which, if not immediately corrected, could result in a serious injury or death, including exposure to radiation and toxic/hazardous chemicals. Imminent Danger in relation to the facility safety envelope is a condition, situation, or proposed activity which, if not terminated, could cause, prevent mitigation of, or seriously increase the risk of (1) nuclear criticality, (2) radiation exposure, (3) fire/explosion, and/or (4) toxic hazardous chemical exposure.

Mission Support Alliance Provision

- B. In the event of an imminent health and safety hazard, identified by facility line management or operators or facility health and safety personnel overseeing facility operations, or other individuals, the individual or group identifying the imminent hazard situation shall immediately take actions to eliminate or mitigate the hazard (i.e., by directing the operator/implementer of the activity or process causing the imminent hazard to stop work, or by initiating emergency response actions or other actions) to protect the health and safety of the workers and the public, and to protect U.S. Department of Energy (DOE) facilities and the environment. In the event an imminent health and safety hazard is identified, the individual or group identifying the hazard should coordinate with an appropriate Contractor official, who will direct the shutdown or other actions, as required. Such mitigating action should subsequently be coordinated with the DOE and Contractor management. The suspension or stop-work order should be promptly confirmed in writing from the Contracting Officer.
- C. Shutdown. In the event of an imminent danger in relation to the facility safety envelope or a non-imminent health and safety hazard identified by facility line managers, facility operators, health and safety personnel overseeing facility operations, or by independent oversight organizations, the individual or group identifying the potential health and safety hazard may recommend facility shutdown in addition to any immediate actions needed to mitigate the situation. However, the recommendation must be coordinated with Contractor management, and the DOE Richland Operations Office Manager.
- D. Facility Representatives. DOE personnel designated as Facility Representatives provide the technical/safety oversight of operations. The Facility Representative has the authority to “stop work,” which applies to the shutdown of an entire plant, activity, or job. This stop-work authority will be used for an operation of a facility which is performing work the Facility Representative believes:
- (1) Poses an imminent danger to health and safety of workers or the public if allowed to continue;
 - (2) Could adversely affect the safe operation of, or could cause serious damage to the facility if allowed to continue; or
 - (3) Could result in the release of radiological or chemical hazards to the environment in excess of regulatory limits.
- E. The Contractor shall comply with the Hanford Site “Stop Work” policy.

If any such suspension is not due to the fault or negligence of the Contractor and significantly delays the progress or causes the Contractor additional direct expenses in the performance of the Contract, Contractor's claim for compensation must be supported by appropriate documentation within ten (10) calendar days from the date performance resumes or 30 days after the suspension notice.

If the Contractor fails to comply with any Contract terms or to make sufficient progress as to endanger performance, the Buyer may suspend or terminate this Contract for cause. In the event

Mission Support Alliance Provision

of termination for cause, the Buyer shall be liable only for any service accepted. The Buyer may complete Contract performance by any reasonable means and the Contractor shall be responsible for additional costs incurred by the Buyer.

11.0 TERMINATION FOR CONVENIENCE

The Buyer may, at its sole discretion, terminate the Contract in total or any portion not completed by giving the Contractor written notice. Upon notice of termination, the Contractor shall, unless otherwise directed in writing, discontinue all performance on the date specified in the notice and take action to minimize costs to the Buyer. Payment for items and/or services already completed or in the process of completion shall be adjusted between the Buyer and the Contractor in a fair and reasonable manner, but such payment shall exclude any allowance for the uncompleted portion of the item and/or service, or any anticipated profits thereon. Such payments shall not exceed the total value of the Contract prior to termination for convenience.

12.0 LAWS AND REGULATIONS

Contractor shall comply with all applicable federal, state and local laws and ordinances and all pertinent lawful orders, rules and regulations.

Contractor shall not, under any circumstances, cause or permit, in connection with the work to be performed hereunder, the discharge, emission or release of any hazardous substance and/or waste, pollutant, contaminant or other substance in violation of any applicable laws, rules or regulations which are now or hereafter promulgated by any governmental authorities having jurisdiction over the work. Contractor shall comply with all legal regulatory requirements applicable to the work performed under this Contract and shall be responsible for compliance with all hazardous waste, health and safety, notice, training, and environmental protection laws, rules, regulations and requirements. "Hazardous waste" includes all substances, which are or may be identified as such in 40 CFR, Part 261 or other applicable laws or regulations.

13.0 RESOLUTION OF DISPUTES

The Contractor and Buyer agree to make good-faith efforts to settle any dispute or claim that arises under this Contract through discussion and negotiation. If such efforts fail to achieve a mutually agreeable resolution, the parties agree to alternative disputes resolution (ADR) and to join in such arbitration proceeding as Buyer may determine appropriate. Parties shall submit to such jurisdiction and be bound by the judgment rendered according to the ADR rules. Contractor shall proceed diligently without interruption in the performance of this Contract pending final resolution of any dispute arising under this Contract between the parties hereto or between the Contractor and its subcontractors.

If ADR fails or is not used, the parties agree that the appropriate forum for resolution shall be a court of competent jurisdiction in the State of Washington.

Mission Support Alliance Provision

No interest is payable to Contractor for any claim it may have, except that specifically imposed by a court of competent jurisdiction on any judgment (and then only from the date of the entry of judgment).

14.0 TAXES

The Contractor shall not assess and collect Washington State sales or use tax from the Buyer for materials with respect to this Contract. The Buyer, Mission Support Alliance (Washington State UBI Number 601-678-024), is in possession of a DIRECT PAY PERMIT (number 27) issued by Washington State Department of Revenue, effective January 1, 2002 through December 31, 2009, and shall pay a use tax attributable to materials used in performing work under this Contract. A copy is available from the Buyer upon request. All other Federal, state, county, municipal or other sales, use, excise or similar taxes must be included in the Contract amount. If the Contractor, as a result of this Contract becomes eligible for Washington State Business and Occupation Tax Credit for Research and Development spending, the Contractor shall take such tax credit and assign such tax credit to the Buyer. Note that labor charges for construction and demolition services, which are applied to real property owned by the U.S. Department of Energy, are exempt from sales and use tax.

15.0 INVOICING AND PAYMENT

All invoicing shall be in a form satisfactory to and approved by Buyer. Except to the extent expressly stated elsewhere in this Contract, payment terms shall be thirty (30) calendar days after receipt by Buyer of a proper invoice. All unit pricing, and payments made, shall be in U.S. dollars only, in the forms of cash, check or electronic transfer as may be agreed upon.

Unless otherwise identified and provided for in the body of this Contract, this Contract is a **Labor-Hour Contract** and direct labor hours are to be provided at specified fixed hourly rates that include wages, indirect costs, overhead, general and administrative expenses, and profit. The amounts shall be computed by multiplying the appropriate hourly rates prescribed in this Contract by the number of direct labor hours performed. Fractional parts of an hour shall be payable on a prorated basis.

At Buyer's request, Contractor shall substantiate invoices by evidence by individual daily job timecards, or other substantiation approved by Buyer. Contractor shall furnish evidence, satisfactory to Buyer, that all invoiced costs have been paid for in full and that the work is not subject to liens or claims on account thereof. Buyer may withhold payment of invoices until Contractor furnishes such evidence. When requested by the Buyer, contractor shall furnish a release prior to the final payment.

Any invoice submitted, which fails to comply with the terms of this Contract, including the requirements of form and documentation, may be returned to Contractor. Any costs associated with the resubmission of a proper invoice shall be to Contractor's account. Final payment shall not relieve Contractor of any obligation under Contract.

Mission Support Alliance Provision

Other Direct Costs (ODCs) associated with providing those services (such as duplicating, electronic media, travel) are only allowed if authorized in the body of the contract by the Buyer. Equipment, components, raw materials, etc. may **not** be provided under this contract. ODCs, when authorized, must be allocable, allowable and reasonable.

16.0 CONFIDENTIAL AND CONTROLLED-USE INFORMATION

Confidential and Controlled-Use Information obtained by Contractor from Buyer or the Government in connection with this contract shall be held in confidence by Contractor and shall not be disclosed to third parties or used by Contractor for any purpose other than for the performance of work or as authorized in writing by Buyer. All documents furnished to the Contractor by Buyer shall remain the property of the Buyer or the Government and upon completion of the work Contractor shall, as requested by Buyer, either destroy or return such documentation including any copies thereof.

Contractor shall not make news releases, publicize or issue advertising pertaining to the work or this Contract without first obtaining the written approval of Buyer.

17.0 SUBCONTRACTS

Contractor shall not subcontract performance of all or any portion of the work under this Contract without first obtaining buyer acceptance in writing of the subcontracting and the subcontractor.

Contractor guarantees that its subcontractors have been fully informed of the terms of this Contract and that all applicable provision and requirements of this Contract are flowed down and invoked in such subcontracts.

18.0 PROPRIETARY RIGHTS

All materials which Contractor is required to prepare or develop in the performance and completion of Contractor's scope of work hereunder, including documents, calculations, maps, sketches, notes, reports, data, models and samples, and any and all inventions and copyrightable material contained therein, shall become the sole and exclusive property of Buyer. Contractor agrees to execute all documents and to take all steps requested by Buyer which are desirable to complete such ownership and property rights.

19.0 SCHEDULE COORDINATION

Daily work schedules, facility operations, and holidays are NOT consistent on the Hanford Site. Some organizations and facilities observe alternate Friday closures. Accordingly, the Contractor shall make specific schedule arrangements with Buyers Technical Representative in advance of performance.

Mission Support Alliance Provision

Mission Support Alliance will not be liable for the cost of any delays that result from Contractor's failure to obtain a specific schedule agreement in advance.

20.0 WAIVER

The provisions of this Contract which by their nature are intended to survive the termination, cancellation, completion or expiration of this Contract shall continue as valid and enforceable obligations of the parties notwithstanding any such termination, cancellation, completion or expiration.

Buyer's failure to insist on performance of any term, condition, or instruction, or to exercise any right or privilege included in this Contract, or its waiver of any breach, shall not thereafter waive any such term, condition, instruction, and/or any right or privilege.

21.0 BUYER'S MATERIALS AND EQUIPMENT

Contractor shall at all times in accordance with the best practices and at no additional cost to Buyer, preserve and protect Buyer's material and equipment used by Contractor in the execution of the work from damage or loss due to weather, fire, theft, unexplained disappearance or other similar casualty.

22.0 TRAVEL

Travel Costs are not allowable expenses unless authorized elsewhere in this contract by the Buyer and such costs are in accordance with the Federal Travel Regulations.

23.0 UNCLASSIFIED COMPUTER SECURITY REQUIREMENTS

When made available by the Buyer as part of this Contract, Buyer's telecommunications and computer systems may be used only in performance of this Contract. Contractor will ensure that personnel who are allowed access to the Hanford Local Area Network (HLAN) understand and comply with Buyer's Computer Access and data security rules. Foreign Nationals may not be granted access until cleared by the Foreign National Visits and Assignments office.

When authorized to connect Contractor owned computers to HLAN, Contractor will:

- Identify a single contact responsible for coordinating appropriate controls with the Project Hanford Management Contract (MSC) Computer Protection Program Manager (CPPM).
- Approval must be obtained from the CPPM by the BTR prior to contractor making any connections to the HLAN. Contractor is responsible to backup all non-Hanford data on the machine prior to the installation of the HLAN software image. Unauthorized connection to the HLAN may result in forfeiture of contractor's equipment and may be considered a breach of this contract.

Mission Support Alliance Provision

- Ensure that any computer connected to the HLAN must be physically separated from any other network by Buyer approved means
- Allow Buyer unrestricted access to those computers for periodic inspection and to verify that “all data in all forms” is erased prior to final payment on the Contract (41 CFR 109-43).

24.0 WORK RULES

Contractor shall comply strictly with Buyer and the Government’s rules governing the conduct of Contractor and Contractor’s employees, agents, and subcontractors at and about the jobsite. Contractor agrees that it shall ensure that its supervisory personnel, employees, agents, and subcontractors at the jobsite comply strictly with such rules. Buyer reserves the right to, from time to time, revise any such rules and Contractor shall comply fully with such rules as revised in accordance with the foregoing provisions.

25.0 GRATUITIES

In addition, any notice of changes in ownership or control which are required to be reported to the Securities and Exchange Commission, the Federal Trade Commission, or the Department of Justice shall also be furnished concurrently to the Contracting Officer.

Mission Support Alliance Provision

In making this determination, DOE will consider proposals made by the Contractor to avoid or mitigate foreign influences.
- (3) If the cognizant security office at any time determines that the Contractor is, or is potentially, subject to foreign ownership, control or influence, the Contractor shall comply with such instructions as the Contracting Officer shall provide in writing to safeguard any classified information or special nuclear material.
